SENATE COMMITTEE ON NATURAL RESOURCES & PARKS

Staff: Curt Gavigan (786-7437)

Background: Discover Pass Program in General. During the 2011 regular session, the Legislature established the requirement for an annual Discover Pass or day-use permit for motor vehicle access to recreation lands managed by the State Parks & Recreation Commission (State Parks), the Department of Natural Resources (DNR), and the Department of Fish & Wildlife (DFW).

Discover Pass Infraction Revenue. Failure to comply with the Discover Pass requirement is a natural resource infraction with a statutory fine of \$99. This penalty must be reduced to \$59 dollars if an individual provides proof of purchase of a Discover Pass to the court within 15 days after the issuance of the notice of violation.

In 2012, the Legislature provided all revenue from Discover Pass violations to the Recreation Access Pass Account, which funds recreational land management by State Parks, DNR, and DFW.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Infraction Revenue in General. Thirty-two percent of fines assessed or collected through a district court are provided to the state for deposit in the state General Fund, while the remainder is retained by the county. All fines assessed and collected for county parking infractions are retained by the county.

Summary of Bill: For counties with a population of less than 100,000 on the date the bill takes effect, infraction revenue for Discover Pass violations is split between the state and county as follows:

- 75 percent goes to the Recreation Access Pass Account to fund recreational land management by State Parks, DNR, and DFW; and
- 25 percent is retained by the county.

For other counties, all revenue from Discover Pass violations goes to the Recreation Access Pass Account as under current law.

Appropriation: None.

Fiscal Note: Available.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This bill is trying to help small counties with the costs of processing Discover Pass violations, which can be a significant portion of work in some District Courts and create a burden. While there is some revenue lost for Discover Pass agencies, it is worth it to promote cooperation between the state and local governments.
